

## Dear Small Business, Friends and Partners,

*Please be advised that all SBA in-person programming, including the Annual NH Small Business Week Awards Celebration have been postponed until further notice.*

Based on a statewide disaster declaration requested by Governor Sununu and approved by the SBA Administrator, the SBA is offering Economic Injury Disaster Loans to small businesses and some private non-profit organizations impacted by the Corona Virus statewide.

Our office is holding daily webinars at 9am and 2pm via Skype to give an overview of the program and to answer any questions. We will also be having virtual office hours on Saturday at 10am and 2pm. Please join us for any of these outreach efforts by following the link below or calling in:
